2. Projection and Strategy

FMS Projection for Fiscal Year Ending March 31, 2017

FMS Business

Orders

✓ In Compressors & Turbines business, oil and gas market sentiment is still not predictable and orders remain unchanged from the previous year
✓ In Pumps business, orders mainly from overseas is planned to be increased

Sales

✓ Sales decrease mainly in Compressors & Turbines business

Operating Income

✓ A profit is likely to decline mainly on strong yen
2. Projection and Strategy
EE Projection for Fiscal Year Ending March 31, 2017

EE Business

Orders

- A long-term O&M project is likely to increase
- Secure orders for our competitive projects like EPC, DBO, and orders for upgrading core equipment

Sales

- Sales decrease slightly due to progress of the EPC construction works

Operating Income

- Proportion of sales of O&M is likely to increase
2. Projection and Strategy
PM Projection for Fiscal Year Ending March 31, 2017

PM Business

Orders

- Semiconductor market stays steady
- CMP business is expected to grow more

Sales

- Surely record the sales of the orders we got last fiscal year
- and sales is likely to increase

Operating Income

- Sales increased
- Fixed cost increase especially R&D expenses
- The impact of the earthquake is limited

2. Projection and Strategy
Consolidated Key Management Indicators and Progress

(1/1)

【At the end of 2nd year in E-Plan2016】

**ROIC** … Key Management Indicator
- Temporarily decline due to the extraordinary loss

**Operating Income Ratio** … Key Management Indicator to assess business execution
- Operating income hit a new high, surpassing record profits of the last fiscal year
- Achieved the theme of E-Plan2016, the expansion of business scale and improvement of profitability, in PM business and covered the stagnant performance in FMS business due to the deteriorating external environment

---

**Trend of ROIC, ROE, D/E Ratio**

- Mar/2014 results: 0.58
- Mar/2015 results: 0.51
- Mar/2016 results: 0.50
- Mar/2017 E-Plan2016 target: 0.4~0.6

**Trend of Operating Income Ratio**

- Mar/2014 results: 32.1
- Mar/2015 results: 34.5
- Mar/2016 results: 38.0
- Mar/2017 E-Plan2016 target: 47.0

---

[Graphs and charts showing the trends of ROIC, ROE, and D/E ratio, as well as the trend of Operating Income Ratio.]
<E-Plan2016’s final year target and results for the 2nd year>

【Prospect】
Operating income ratio is likely to miss the target
[Orders, Sales]
Miss the initial target mainly in Compressors & Turbines business, due to the deteriorating external environment

[Operating Income]
Surely proceed with enhancement of service and support (S&S) but operating income is likely to miss the target due to the shortfall in product orders and sales plan

Try to achieve the goal by implementing measures steadily
2. Projection and Strategy
Basic Policies and Progress by business segment

**Pumps Business**

【At the end of 2nd year in E-Plan2016】

Changes of external surroundings
- With customer’s cutbacks in capital investment due to the low crude oil price, projects and final investment decision has been postponed

Progress on basic policies
- Products: Preparation for new product launch
- S&S: Progress on establishment of overseas bases
  - Promote getting orders for S&S all-round contract strategy
  - Get orders for fertilizer plants as a result of an approach to a new market
- Production: Investment for production enhancement is held down, which was planned in E-Plan2016

【Progress on Important KPI】

S&S base establishment
- New base was established in India, and is planned to be established in Saudi Arabia

【Prospect】
- S&S business is stable but product sales is still uncertain
- Continue to hold down labor costs and capital investment, and secure profit by implementing measures steadily
  - Take advantage of worldwide S&S network and secure profit
  - Prepare for delayed orders by gasping projects’ conditions continuously
  - Expand S&S for other company’s products
  - Promote S&S all-round contract strategy

Orders and sales slowdown continues due to customer’s cutbacks in capital investment

2. Projection and Strategy  
E-Plan2016  
Basic Policies and Progress by business segment  

(6/7)

Environmental Engineering Business (EE)

<Goals for 2019>
- Stand in a leading position in the market for EPC and O&M of waste incineration facilities in Japan
- Achieve Operating Income Ratio of 11% or more

<E-Plan2016’s final year target and results for the 2nd year >

【At the end of 2nd year in E-Plan2016】
Establish a stable earnings structure in EPC
- Improve a proposal for non-price competition in bid-offerings
- Enhance price competitiveness by specifically categorized incinerators with design package

Extend range of contracts in O&M
- Undertake not only management of incineration facility but also that of waste-receiving facility
- Expand electric power selling business supplying to public facilities and local companies (sell electricity generated by waste treatment facilities)

【Prospect】
No changes in business plan
- EPC… Enhance competitiveness in bid-offerings
- O&M… Establish the stable earning structure more firmly and engage to extend range of contracts
2. Projection and Strategy
Basic Policies and Progress by business segment

Precision Machinery Business (PM)

<Goals for 2019>
- Secure Operating Income Ratio of 10% or more on medium term average regardless of conditions in semi-conductor market
- Develop a group of products that will become the third pillar of the business and establish a business base capable of sustained growth

<E-Plan2016's final year target and results for the 2nd year>

【At the end of 2\textsuperscript{nd} year in E-Plan2016】
Establish foundation not relying on semiconductor cycle
- Expand share by broaden range of customers
- Received a large-scale order in the plating equipment business, which is growing as the third pillar of PM business

Improve operating income ratio by flexible management
- Improving earning structure by meticulous customer relations and productivity innovation activities
- Expand our Kumamoto Plant designed as a highly flexible production facility, capable of producing a full range of semiconductor manufacturing devices

【Prospect】
Customer’s incentive for capital investment remains high

We can achieve the final year goal, operating income ratio 9% or more (average in the period)
A negative impact on EBARA Group from the deteriorating external environment is limited

Proportion of S&S business sales in FY ended March 31, 2016

- Around 40%, almost the same as FY ended March 31, 2015
- As long as equipment and plants that we delivered continue to be worked, we can expect stable S&S demand
